I am conducting the study entitled "Project TIMBANG: A Verified Daily Vegetable Price Board and Produce Marketplace for Nueva Vizcaya" as a requirement of IT ECC 6 (Application Development) and CS PC 7 (Information Assurance and Technology). The study develops and tests TIMBANG, an application that shows daily vegetable prices per market in Nueva Vizcaya and helps farmers reach buyers. For this purpose, I requested the official vegetable price lists of the Province and will conduct system testing and a usability survey with farmers and buyers.

In compliance with Republic Act No. 10173, its Implementing Rules and Regulations, and the issuances of the National Privacy Commission, I hereby undertake the following:

1. **Legitimate purpose.** Personal information and the data provided by the Province shall be used solely for the development, testing and evaluation of TIMBANG for this study, and for no other purpose.
2. **Transparency and consent.** Every respondent shall be informed through the attached Data Privacy Notice and shall give consent before any personal information is collected. Participation is voluntary and may be withdrawn at any time.
3. **Proportionality.** Only the information needed shall be collected: name, mobile number, municipality, role (farmer or buyer), survey answers, and, with separate consent, photos taken during testing. No government identification numbers, addresses, birth dates or other sensitive personal information shall be collected.
4. **Security.** The data shall be kept in access-controlled storage with encrypted connections. Within the application, users can see only their own records, access is limited by role, and administrator actions are recorded in an audit log. Paper forms shall be kept in a locked place.
5. **No disclosure.** Personal information and the documents provided by the Province shall not be sold or disclosed to unauthorized third parties, except when required by law or with the express consent of the data subject. Results shall be reported only in summarized form that does not identify any respondent.
6. **Retention and disposal.** Personal information shall be kept only until the study is completed and defended, after which electronic records shall be permanently deleted and paper forms shredded.

7. **Rights of data subjects.** Respondents may ask to access, correct, or delete their personal information, or object to its processing, by contacting the researcher.
8. **Breach notification.** Should a personal data breach occur, I shall notify the affected data subjects, this Office, and the National Privacy Commission within seventy-two (72) hours of discovery, as required by law.

Attached is the Data Privacy Notice and Consent Form that will be given to the respondents of the study. I respectfully request your Office's review and approval. I shall gladly comply with any additional requirement your Office may set.

Thank you very much for your kind consideration.

Respectfully yours,
